

New Appraisal Capabilities added to InHouseUSA Solutions platform

July 2016, Ponte Vedra Beach, FL - InHouseUSA is expanding the appraisal workflow capabilities within its Solutions platform to include the Federal Housing Administration's (FHA) new Electronic Appraisal Delivery (EAD) portal. Lenders are required to use and electronically submit appraisal reports and data to the EAD portal for all FHA loans with FHA case numbers assigned on and after June 27, 2016.

The EAD portal utilizes the current appraisal industry standard MISMO 2.6 XML and MISMO 2.6 GSE XML with embedded PDF, which will be fully supported by Solutions. With the enhanced EAD workflow, lenders and their designated providers will be able to effectively manage the appraisal fulfillment process, including any corrections that are identified as part of the EAD appraisal evaluation.

As a designated third-party service provider, InHouseUSA helps support the broader FHA EAD initiative.
